Fresh Rubber Goods

PERHAPS you have never thought of the freshness of such things, but rubber goods deteriorate when kept in stock some time, thus shortening their term of usefulness.

We purchase all our goods from the manufacturers in accordance with our output, therefore our stock is always fresh—all live, elastic rubber.

Our stock is complete in family rubber goods. Call and examine them.

LOCAL NEWS

Born — To the wife of Mr. Anthony Casorso, on Oct. 15th, a daughter.

Mr. and Mrs. A. H. Wade, who spent a few days here on their return from England, went home to Penticton on Wednesday.

Trout fishing remains very good for this time of year. Mr. D. W. Crowley caught a beautiful basketful on Tuesday on the west side of the lake at Barnes Bros.' place. Eighteen trout comprised the catch, of fine average weight from one to two lbs. each.

The Directors of the Kelowna Hospital beg to acknowledge with thanks receipt of the following donations: Mr. Alex. Ogilvie, Edinburgh, Scotland, \$2.00; Mr. J. Fletcher, \$2.00; Mr. Jas. Bowes, per Dr. Boyce, towards heating apparatus, \$25.00; Dr. Gaddes, per Dr. Boyce, \$100.00.

The leaves are now beginning to fall in earnest from the trees, and winter is near at hand. There is a remarkable difference between here and the timbered country near Armstrong in this respect. The leaves on the cottonwoods and poplars had turned colour to a large extent and were falling freely three weeks ago in that district, while here they were still for the most part fresh and green.

About nine or ten people from Kelowna attended the ball given by the Anti-Tuberculosis Society at Penticton last Friday, and report it a great success, chiefly through the indefatigable efforts of the committee of ladies and of Mrs. C. A. C. Steward, president of the Society. Visitors were present from Summerland and Peachland, and the total attendance was well over a hundred. A "sit-down" supper was provided for all in the furniture store immediately below the hall in which the dance was held. The Kelowna Quadrille Band provided the best of music, with the effect that the list of extras was unusually prolonged and dancing was kept up until about 4.30 a.m.

To quote an instance of the appreciation in which Kelowna packing is held in the eastern states of the Union, Messrs. Stirling & Pitcairn shipped on Wednesday of last week a box of Grimes Golden apples, at the request of Mr. F. C. Sears, professor of pomology, Massachusetts Agricultural College, Amherst, Mass. The professor intends to use the box for the purpose of demonstrating the most perfect plan now known of packing apples for export, as practiced in Kelowna. It is not generally known that cherries were successfully shipped to Montreal by the same firm, arriving in such excellent condition that the consignee could hardly believe they were grown here.

Okanagan College

SUMMERLAND, B.C.

A CHRISTIAN SCHOOL for young men and young women, situated amid surroundings beautiful and inspiring and in a community of exceptional moral strength. Regular course for University Entrance. Thorough Commercial course. Special advantages for music. Competent instructors. Well appointed building, tastefully furnished, heated with hot water, provided with bath rooms and improved sanitary arrangements. Terms moderate.

COMMERCIAL DEPARTMENT
This department, it is expected, will provide facilities for work second to none in the province. Professor Aaron Perry, M.A., the organizer and late conductor of the Commercial Department of Victoria High School will have charge of this department in the college. The success that has attended Prof. Perry's efforts elsewhere guarantees the quality of the work to be done in this department.

PIANOFORTE DEPARTMENT
Miss Eunice Winifred Haines will conduct the work in pianoforte instruction. Miss Haines is a pupil of George Pratt Maxim of Boston, a graduate with honors from the pianoforte department of the School of Music of Acadia Seminary and winner in the competition for musical composition adjudged by Dr. Percy Goetschius of Boston, the specialist on Tone Relations. Miss Haines has had successful experience in teaching and comes highly recommended by Principal DeWolf of Acadia Seminary.

VOCAL DEPARTMENT
The work in Voice Culture will be made the charge of Miss Katharine Cleveland Davidson, late of Boston, an experienced Teacher, Choir and Choral Class Director, and pupil of Professor Frank E. Morse of Boston and Madame Gertrude Frank in Salisbury of the International School of Music of Boston, Florence and Paris.
For further information apply to the Principal, EVERETT W. SAWYER, M.A.

Miss Ethel Woods, of the C. P. R. staff at Vernon, paid a short visit to Mrs. D. Lloyd-Jones on Friday.

Mr. S. T. Elliott returned on Monday from a business trip to Vernon.

Mr. and Mrs. Homer Maddock and Mr. C. W. Jackson, of Okanagan Centre, were visitors to town on Monday.

A football team from Okanagan Centre will play Kelowna at 3.30 p.m. on Saturday, in the Park, and a good game may be expected.

Mr. T. J. Carney left on Wednesday for Halcyon Hot Springs, where he will spend two weeks and then proceed to his old home in the east.

Mr. G. C. Rose, editor of the Courier, returned on Saturday from a business trip to the Coast cities, including Seattle, and to Kamloops.

Capt. Montagu Woodmass, lately of the 18th Hussars, has bought Mr. H. L. Woods' place in the South Okanagan district, the sale being made by Messrs. Hewetson and Mantle.

The I.D.K. Minstrels promise another of their bright entertainments on October 24th, in which, in addition to their well-tryed talent, they have been fortunate enough to secure the assistance of Misses Bourne and Taylor before their departure for Winnipeg, and of Miss Cockerell. Judging from the programme, patrons will have lots for their money, and the I.D.K.'s should have a bumper house.

From an authoritative source we learn that there is no chance of the City being able to secure the Park from Miss Lequime at the present time, as, with the advice of her guardians, she has decided to hold on to it indefinitely. Should this mean that in the future it will be converted to business or residential purposes, Kelowna will have lost a most valuable asset amongst her list of attractions, a loss, too, that will be irreparable.

A notable event occurred on Tuesday when Messrs. Fraser Bros. and Whitehead shipped on Tuesday for distribution at upper Okanagan points the first car-load of canned tomatoes of home production. May it be the herald of many more in future! The energetic proprietors of the cannery feel so much encouraged by their success this season that they intend to put in a much larger plant for next season's crop, and will commence work on it probably early next year.

Complaints are being made as to the condition of the Black Mountain road. A culvert at Hepburn's corner was washed out last spring and has never been repaired, wagons having to drive round it. Two hills need cutting down very much, the grades being too steep. The expenditure of three or four hundred dollars as a temporary measure would make the road of much more value to the increasing number of settlers on the Rutland estate, the Central Okanagan property and in the Black Mountain district.

Although the water and light loan by-law passed by popular vote almost a month ago, the Council have not yet been able to make much progress with the scheme. Various committee meetings have been held, but no meeting of the full Council has been held for over three weeks. The question of financing the project is proving a difficult one, owing to the tightness of the money market. It is hoped, however, if the debentures cannot be floated at present, to obtain the necessary funds from the banks at a reasonably low rate of interest until such time as the debentures can be sold. No decision has been arrived at definitely, and this statement must be read as a very general one.

A WANDERING KELOWNIAN

An Interesting Letter

Dell P.O., Quebec.

TO THE EDITOR,
KELOWNA COURIER.

DEAR EDITOR.—In order to save us the trouble of writing to our friends in and around Kelowna I beg to take the liberty of using the columns of your valuable paper to give an account of our trip.

We left Seattle on July 29th together with J. T. McClellan and family and travelled nearly all the following day through Montana. I thought it the finest and prettiest country I ever saw. Although we went up very high, the country looked level all the way. When we were on the height of land we could see patches of snow here and there, but it was still level and grass growing up to the snow. It has its drawbacks, however. Montana needs a J. M. Robinson, a Dr. Gaddes or a DeHart to open up the country. I will venture to say there is not one settler on every five hundred square miles, just a farm, or two around each railway station, except once in a while where there is a big city. The U.S. Government, like our Canadian Government, gave the Northern Pacific every other section of land for twenty miles on each side of the road and the rest to big stockmen, who are hanging on to it. They have the best chance to irrigate it, if it was needed, the rivers running all the way on top of the ground. The land slopes gently to the rivers, and looks almost like a prairie.

We had to stop three weeks in St. Paul, as I took sick with erysipelas, which went all over my face, head and neck, and I lost my hair before I got over it.

When we got started again we went from St. Paul to Chicago and from there to Pittsburg, Penn., travelling nearly a whole day in Ohio. All the way between St. Paul and Pittsburg grain was everywhere in the shock and looked half rotten. They had had tremendous rains through all that country, and in all the low places water was covering the ground.

We spent a week in Dover, Del., and I was looking at land every day. I rather like the country round Dover. I believe they have got a fine climate, as it does not get too hot or very cold. It is seldom they have snow, and it does not get as cold as it does at Kelowna, but the country is near sea-level and the atmosphere is heavy and damp, and some of the people there told me it felt very cold. All that I saw of the country is very level. Land is not so very cheap as a person might believe by reading the catalogues. There is land in Delaware that could hardly be bought for money, and most of the farms that are for sale consist of land that is run out and is hardly good for anything at all.

For the most part, I think the farmers round Dover are the most shiftless lot I have ever met. There is not one man in a hundred that sprays his trees or ever makes an attempt at doing so or pruning. Weeds may be seen growing in the orchards nearly

as high as the trees. Their fruit, on the whole, is the most wretched I ever saw, but they have the best market in America. All their fruit is small and scabby and would not pass as No. 3 in Kelowna, yet they bring it on the market there and get fancy prices for it. They market their fruit in tall, round baskets about 18 inches high, narrow at the bottom and wide at the top, using them to sell all kinds of fruit, and facing them off with their best fruit. There is no fruit inspector, no Board of Horticulture, and no questions asked about the fruit, and several bidders may be seen bidding against each other for it. I believe if a person liked the place he would do all right, but I have been too long in the Okanagan to be satisfied anywhere else.

We stopped a week in Sherbrooke to see the Dominion Exhibition, and we saw a small exhibit from Mr. Stirling, and it was a pity it was not much larger, as it put all the rest of the fruit in the shade. (This was, no doubt, the exhibit collected by Mr. Pitcairn and shown by the Central Okanagan Land & Orchard Co.—Ed.) The stock was all good; the rest of the show nothing extra. The weather was miserable, raining every day and the fair ground a regular mud hole. We will leave for the Okanagan when it gets too cold here.

With best wishes to all,

Your friend as of old,
ALEX. McLENNAN.

Another Sudden Death

Following the finding of the body of old John Moore and the death of Mr. F. W. Evetts, yet another sudden death has to be chronicled in the decease of Augustine Levaque, well-known in town as "Joe", who died on Sunday morning of heart failure at the camp at the Central Okanagan Company's dam about 12 miles from Kelowna and high up in the hills.

On Saturday evening the deceased was playing a game of cards with some companions when he suddenly fell forward unconscious on the table, breathing heavily and spasmodically. He died the following morning without regaining consciousness. He was known to be subject to weakness of the heart, and had been undergoing medical treatment for it at different times.

It was necessary to pack the body down the mountain on horseback several miles until the wagon road at the former Postill ranch was reached, whence it was conveyed to town in a wagon. The coroner, on being advised of the occurrence, did not consider an inquest necessary, and interment was made in the Cemetery on Monday. Services were held by Rev. J. H. Wright.

The deceased was 52 years of age, was a native of Quebec, and had lived in various places throughout the prairies and B. C. during the past 20 years. He was said to be a married man, but the whereabouts of his relatives is not known.

LICENSE TO AN EXTRA-PROVINCIAL COMPANY

"COMPANIES ACT, 1897."

CANADA:

PROVINCE OF BRITISH COLUMBIA

No. 402.

THIS IS TO CERTIFY that the "T. J. How Land Company Limited," is authorized and licensed to carry on business within the Province of British Columbia, and to carry out or effect all or any objects of the Company to which the legislative authority of the Legislature of British Columbia extends.

The head office of the Company is situated at the Town of Rouleau, in the Province of Saskatchewan.

The amount of capital of the Company is one hundred thousand dollars, divided into one thousand shares of one hundred dollars each.

The head office of the Company in this Province is situated at Kelowna, and Samuel Richard Johnston, real estate dealer, whose address is the same, is the attorney for the Company. Given under my hand and seal of office at Victoria, Province of British Columbia, this 14th day of September, one thousand nine hundred and seven.

S. Y. WOOTTON,

Registrar of Joint Stock Companies.

The objects for which this Company has been established and licensed are:

(a.) To purchase or otherwise acquire lands, houses, buildings and hereditaments whatsoever situate, and to acquire by purchase, exchange or otherwise, either for an estate in fee simple or for any less estate, whether immediate or reversionary, and whether vested or contingent, any other lands, tenements and hereditaments of any tenure, whether subject or not to any charges or encumbrances, and to hold or to sell, let, alienate, mortgage, charge or otherwise deal with all or any of such lands, tenements or hereditaments:

(b.) To construct, erect and maintain, either by the Company or other parties, sewers, roads, streets, tramways, gas works, water-works brick kilns and works, buildings, houses, flats, shops and all other works, erections and things of any description whatsoever, either upon the lands acquired by the Company or upon other lands, and generally to alter and improve the lands and other property of the Company:

(c.) To undertake and direct the management of the property, buildings, lands and estates (of any texture or kind) of any persons, whether members of the Company or not, either in the capacity of stewards or receivers, lessors or tenants, with power to advance at a discount of all or any of the accruing rents, royalties or incomes:

(d.) To transact on commission or otherwise the general business of a land agent, and to purchase and sell for any persons freehold or other house, property, buildings or lands or any share or shares, interest or interests therein:

(e.) To lay out the lands of the Company in town, suburban or other lots, and to erect or cause to be erected houses, warehouses, barns, farm buildings, stables, churches, schools and buildings of any kind thereon.

(f.) To establish and carry on the several trades or businesses of farming, fruit-raising, stock-breeding, dealing in cattle, horses, sheep or other animals, manufacturing, warehousing, ship-owning, coal and other mining and trading in wheat, grain, corn, crops, produce of all kinds, agricultural and other implements, timber, lumber and products of mining, and general merchandise:

(g.) To carry on the business of brokers and insurance agents and similar businesses in all their branches:

(h.) To develop, acquire, own and hold records of unrecorded water and to purchase water records and water privileges, and to construct, erect, maintain and operate canals, ditches, aqueducts, raceways, flumes, weirs, wheels, feeders, laterals, reservoirs, dams, lakes, wells, buildings or other erections or works, which may be required in connection with the improvement and use of the said water and water-power, or by altering, renewing, extending, improving, repairing or maintaining any such works, or any part thereof, and to conduct, carry on and transfer water to all persons or corporations for irrigation, manufacturing, industrial, mechanical, mining, milling, domestic and stock-raising purposes, and also to build and construct storage reservoirs for water for collection and storage of water for the purposes before-mentioned, with full power and authority to make contracts and agreements for the sale of permanent water-rights and carrying water for the purposes aforesaid, subject to the provisions of the "Irrigation Act."

(i.) To construct, operate and maintain electric works, power-houses, generating plant and other appliances and conveniences as may be necessary, and power for the generating of electricity or electric power, or any other form of developed power, and for transmitting the same to be used by the Company or by any other person or company any contracting with the Company therefor, as a motive power for the operation of motors, machinery, electric lighting, or other works, or to be supplied by the Company for heating or as a motive power:

(j.) To construct, equip, operate and maintain telegraph and telephone system and lines:

(k.) To acquire by purchase, lease, license or any other manner, timber and timber lands and any rights or interests therein, or in relation thereto, and to dispose of the same at such time or times in such manner and for such consideration as may be deemed advisable by the Company.

(l.) To build, equip, maintain, operate, buy, lease or bond tramways, ferries or other means of transportation necessary or expedient in the interests of the Company:

(m.) To carry on any other business of a similar nature, or any business which may in the opinion of the Directors be conveniently carried on by this Company:

LOCAL NEWS

Mr. S. Barber arrived with his family on Tuesday from Wolsley, Sask. His son has purchased a portion of Mr. R. Cole's property.

Messrs. Norman Blackwood and Leon Gillard left on Monday for a prolonged hunting and trapping expedition into the mountains.

Mr. and Mrs. A. P. McKenzie drove down from Vernon on Tuesday, returning the following day. Mr. McKenzie has lately sold his drug business in Vernon, and took the advantage of a period of leisure to pay his first visit by road to this district, and was delighted with Mission Valley.

An interesting debate took place in the Scotty Creek school-house on the evening of Tuesday, Oct. 8th. The subject was, "Shall Women Vote," championed by Mr. T. Carney. Mr. Stirling defended what proved to be a thoroughly unpopular view of the question, as Mr. Carney secured every vote but one, on an open ballot of the audience being taken.

Messrs. T. Orchard, A. Wilds and F. Bouvette are circulating a subscription list amongst the old timers for the purpose of giving the remains of John Moore decent interment in the Cemetery. Owing to the condition of the body after three weeks' exposure to the elements, it was deemed advisable, with the consent of the relatives of the deceased, to inter it where found; and it is the purpose of the promoters of the subscription to exhume the remains and transfer them to the Cemetery.

(n.) To purchase or otherwise acquire all or any part of the business, shares, property and liabilities of any company, society, partnership or person, formed for all or any part of the purposes within the objects of this Company, and to conduct and carry on, or liquidate and wind-up any such business:

(o.) To purchase or otherwise acquire, erect, maintain, reconstruct and adapt any buildings, warehouses, offices, workshops, mills, plant, machinery and other things found necessary or convenient for the purposes of the Company:

(p.) To manufacture, buy, sell, and generally deal in any plant, machinery, tools, goods or things of any description, which in the opinion of the company may be conveniently dealt in or used by the Company in connection with any of its objects:

(q.) To draw, accept, and to make, and to endorse, discount, and negotiate bills of exchange and promissory notes, and other negotiable instruments:

(r.) To borrow or raise money by the issue of debentures, debenture stock (perpetual or terminable), bonds mortgages, or any other securities, founded or based upon all or any of the property and rights of the Company, including its uncalled capital, or without any such security and upon such terms as to priority or otherwise as the Company shall think fit:

(s.) To invest the moneys of the Company not immediately required in such manner other than in the shares of this Company, as from time to time may be determined:

(t.) To acquire by subscription, purchase or otherwise, and to accept and take hold or sell shares or stock in any Company, society or undertaking, the objects of which shall, either in whole or in part, be similar to those of this Company, or such as may be likely to promote or advance the interests of this Company:

(u.) To enter into and carry into effect any arrangement for joint working in business, or for sharing of profits, or for amalgamation, with any other Company, or any partnership or person carrying on business within the objects of this Company:

(v.) To establish, promote and otherwise assist, any company or companies for the purpose of furthering any of the objects of this Company:

(w.) To sell, dispose of, or transfer the business, property and undertaking of the Company, or any part thereof, for any consideration which the Company may see fit to accept:

(x.) To accept stock or shares in, or the debentures, mortgage debentures or other securities of any other Company in payment, or part payment, for any services rendered or for any sale made to or debt owing from any such company:

(y.) To distribute in specie or otherwise, as may be resolved, any assets of the Company among its members, and particularly the shares, debentures or other securities of any other company formed to take over the whole or any part of the assets or liabilities of this Company:

(z.) To do all or any of the matters hereby authorized either alone or in conjunction with, or as factors, trustees, or agents for any other companies or persons, or by or through any factors, trustees or agents:

(aa.) Generally, to do all such other things as may appear to be incidental or conducive to the attainment of the above objects or any of them:

And it is hereby declared that in the interpretation of this clause the meaning of any of the Company's objects shall not be restricted by reference to any other object or by the juxtaposition of two or more objects, and that in the event of any ambiguity, this clause shall be construed in such a way as to widen and not restrict the powers of the Company.

The Late Mr. Evetts

The people of the district were startled to learn of the sudden death on Friday morning, under tragic circumstances, of Mr. F. W. Evetts. The deceased had been in the habit of taking laudanum in small doses to induce sleep, having been a sufferer from insomnia. It appears that on Thursday evening he took a dose of the drug and finding it did not have the desired effect, he repeated it once or twice and was discovered by Mr. J. Fetherstonhaugh about 8 o'clock in a comatose condition. Medical aid was procured from Kelowna and Mr. G. R. Binger also assisted in vigorous efforts to arrest the effects of the opiate. Four hours of incessant work brought the patient to consciousness for some brief intervals, during which he was able to explain what had happened, but he was finally attacked by a series of apoplectic fits, in one of which he died at an early hour on Friday morning.

Dr. Morris, district coroner, was summoned from Vernon, and after examination of the body and learning the circumstances of death, decided not to impanel a jury, being satisfied it was purely a case of misadventure. It seems the deceased had had a narrow escape last year from the same cause, and was warned by his medical adviser to leave the drug alone.

Mr. Evetts was a man of kindly character, much liked by all who knew him. He was a native of Oxfordshire, England, and had resided in the North-west near Regina for about twenty-five years before coming to this district in the spring of last year, when he bought the property of Mr. I. Mawhinney, jr. He was much interested in fruit and flowers, and had made the grounds about his house very attractive. He was 54 years of age and unmarried, and leaves surviving brothers and sisters in England and Australia.

Funeral services were held in the church of St. Michael and All Angels on Sunday at 2 p.m. Rev. Thos. Greene officiating, a large audience testifying to the respect in which the deceased was held. The body was brought to the church from the Masonic hall, followed by the officers and brethren of St. George's Lodge and visiting masons, and at the graveside in the Cemetery the solemn ritual of the Masonic order paid last honours to the dead.

Synopsis of Canadian Homestead Regulations.

ANY available Dominion Lands within the Railway Belt in British Columbia, may be homesteaded by any person who is the sole head of a family, or any male over 18 years of age, to the extent of one-quarter section of 160 acres, more or less.

Entry must be made personally at the local land office for the district in which the land is situated. The homesteader is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months' residence upon and cultivation of the land in each year for three years.
(2) If the father (or mother, if the father is deceased), of the homesteader resides upon a farm in the vicinity of the land entered for, the requirements as to residence may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements as to residence may be satisfied by residence upon the said land. Six months' notice in writing should be given to the Commissioner of Dominion Lands at Ottawa of intention to apply for patent.

Coal lands may be purchased at \$10 per acre for soft coal and \$20 for anthracite. Not more than 320 acres can be acquired by one individual or company. Royalty at the rate of ten cents per ton of 2,000 pounds shall be collected on the gross output.

COAL.—Coal mining rights may be leased for a period of twenty-one years at the annual rental of \$1.00 per acre. Not more than 2,560 acres shall be leased to one individual or company. A royalty at the rate of five cents per ton shall be collected on the merchantable coal mined.

W. W. CORY,
Deputy of the Minister of the Interior.
N.B.—Unauthorized publication of this advertisement will not be paid for.

LOCAL NEWS

Mr. and Mrs. H. L. Woods left on Tuesday on a visit to Armstrong.

We are informed that the C. P. R. have decided to leave the station where it is, acquiring sufficient land from Stirling and Pitcairn and the Kelowna Saw Mill Co. for yardage purposes. This is as might have been anticipated, and the panic into which some of our worthy citizens fell should now appear to them as somewhat humorous.

The polo tournament turned out a fizzle, first the Kamloops and Quilchena teams backing out of coming, and finally the Grand Prairie team writing at the last moment that they were unable to appear. The local club have gone to a great deal of trouble and expense in preparing the grounds and stable accommodation for the visitors, and have freely advertised the matches, and they feel the disappointment keenly both on their own account and on behalf of the spectators, some of whom came some distance into town on Tuesday, only to learn there would be no games. We have not learned the reasons given by the delinquents for failing to turn up.

Osoyoos Farmers' Institute

The regular fall meetings of the Osoyoos Farmers' Institute will be held at Kelowna on Friday, October 25th; at Summerland, Saturday, 26th; at Peachland and Penticton, Monday and Tuesday, 28th and 29th. The meetings will be attended by Mr. W. F. Kydd of Simcoe, Ont., and Miss Blanche Maddock of Guelph, Ont. Miss Maddock has achieved a well-earned reputation as an organizer of Women's Institutes and as a speaker on domestic economy, which should be an inducement for large audiences of ladies to be present at her meetings. Mr. Kydd's experience in small fruit culture, as well as his other subjects, should prove of much interest.

Miss Maddock started in Farmers' Institute work before Women's Institutes were organized, so that she is thoroughly familiar with all branches of the work. Being a graduate of the Guelph Dairy School and a student of bacteriology, she has a fund of useful information, and is always welcomed by her audiences. The subjects on which she lectures are:

1. Science and Butter Making.
2. Bread Making.
3. Women's Institutes and How to Make Them Interesting.
4. Bacteria: Their Relation to Health and Disease.
5. Different Cuts of Meat: Their Selection and Preparation.
6. Hygienic and Economic Values of Food.
7. Simple Home Remedies Without Recourse to the Patent Medicine Man or the Doctor.
8. A Girl's Possibilities.

Mr. Kydd talks on horses, dairy cattle and small fruits. He has had a large practical experience in all these departments, and being an aggressive and forceful speaker, his words carry weight. He has had a wide experience in fair matters, and is also a judge of both light and heavy horses, and, as such, has been invited to place awards in many parts of Ontario. He will lecture on the following subjects:

1. Am I Raising the Most Profitable Horse?
 2. The Dairy Cow: Her Summer Food and Winter Care.
 3. Small Fruits and Care of Grape Vines, Peach and Plum Trees.
 4. Potato Spraying.
- Evening subject: Dropped stitches. There will be a daylight demonstration by Mr. Kydd in the Park in relation to light and draught horses and dairy cattle. All are invited to attend. The time of meeting will be duly advertised. Students' score cards can be obtained at the office of the secretary, Mr. J. W. Wilks.
